**2020 RANGE**

# 5

## REASONS YOU SHOULD BRING HOME A MAHARAJA AIR COOLER.

## Air Cooler with Hybrid Cooling Technology

Ideal for every home in summer, Maharaja Air Coolers are equipped with a unique Hybrid Cooling technology. A game-changing technology that utilizes both Honeycomb cooling pads as well as Woodwool cooling pads, it allows Maharaja Air Coolers to provide high air throw and high cooling, while staying durable and efficient. With a shockproof body and an inbuilt water-level indicator, Maharaja Air Coolers also come with different speed options to control the cooling, are cost-effective and available in a variety of sizes and models. Aesthetically designed, with a large water tank capacity, these coolers are perfect for any home.
